

Millenium + Summary

This is a summary of the way I now see the future playing out for us as believers in Yeshua as our saviour using all the prophetic scriptures as a guide, not just Revelation and Daniel.

The tribulation is before the 2nd coming of Yeshua ,caused by Satan. The Wrath follows the 2nd coming caused by Yehovah to cleanse the earth and eliminate the adversaries and is the beginning of the Restoration of all things for the Millenium--ie-- the water, the air, the skies, the land, basically a re-newed heavens and earth for the setting up of the Kingdom from Jerusalem, the coming of the New Jerusalem, the Greater Exodus and the ruling ,teaching ,judging of the survivors by the newly resurrected or transformed overcoming saints led by Yeshua for 1000 years. Then the Gog-Magog war is started by the newly released Satan. His demise, war's end, the Great White throne judgement teaching and choice period for all in the 2nd resurrection, then Gehenna fire, the end of sin, death, and the grave happens. Yehovah comes to New Jerusalem and eternity begins with His management team ,His family, trained, more qualified than Angels, ECHAD with the Father, ready to straighten out the universes and all the other dimensions and planets affected by the rebellious angels throughout previous ages.

This is a surprisingly fresh common sense view of many misunderstood and out of order visions and out of context scriptures taken with The Father's promises, the very words of Yeshua and realigned with much inspiration by the Holy Spirit. This is a timely message of HOPE for a generation yearning for freedom from sin and death. Read all the scriptures , watch the videos, order a power point copy and share with interested others.
